Summary

Dynamic software developer with over 4 years of experience in frontend development. Proficient in JavaScript, React, Next.js, Node.js, and GraphQL, supported by intensive online coursework. Recognized for effective collaboration in team settings at Compass Solutions and StadimData, demonstrating adaptability and strong problem-solving skills. Familiar with applying AI and machine learning techniques to enhance software functionality and enable data-informed solutions. Eager to leverage a diverse skill set to drive innovation and efficiency in software development projects, while meeting the evolving demands of the technology landscape.
